

Regarding: January 2, 2023 Price Increase

October 5, 2022

Federal Signal's Signaling Division will be implementing a 10% price increase on all Signaling products.

New pricing will be effective on all orders received on or after Monday, January 2, 2023. All purchase orders placed prior to the effective date must call for immediate release. Additionally, the increase will be applied to all Special Pricing Agreements (SPA). A sales team member will contact you with updated agreements.

Price files will be available for download prior to January 2, 2023. Download instructions will be sent once the price files are available.

We ask that you forward this announcement to all appropriate personnel within your organization.

Feel free to direct any questions to your Federal Signal Manufacturer's Representative or Regional Sales Manager.

Thank you for your continued support.
